

# INVITATION TO COMMENT ON THE NEW WAVENDON COMMUNITY HUB & WAVENDON HEIGHTS PLAYING FIELDS

As many residents of Wavendon will know, our community will be getting a new Community Hub building together with playing fields on the land between Newport Road and Stockwell Lane. This will serve both existing residents and also those settling in the new developments across the Parish.

Due for completion in September 2022, it is hoped the new facilities will serve as a focus for community engagement, healthy activity and enjoyable recreation for all.

An initial Public Consultation with feedback was undertaken in 2017. This has helped to guide the basic site layout and scope of the new building. In order to fine tune facilities as much as possible, residents are invited to submit specific requests/observations using this form. Wherever possible, this will assist in enabling possible provision for certain types of activity/associated requirements that will ideally be made available within the large hall as well as playing fields and extensive public open space. Responses are particularly welcome from groups who may be struggling to find suitable facilities for an activity at present, or who are new to the area and looking to develop new community activities.

This form can be downloaded from the Wavendon Parish Council website, or scanned copies can be emailed to:- [WavendonConnect@wavendonparishcouncil.co.uk](mailto:WavendonConnect@wavendonparishcouncil.co.uk)

Closing date for responses is Monday 4th January 2021.
